

Friends' Meeting House MANCHESTER

Space to meet in peace for over 100 years

CONFERENCES & EVENTS

A VALUES DRIVEN CONFERENCE CENTRE

Friends' Meeting House has been a recognised meeting place in Manchester city centre since 1828. Home to the Quakers, we welcome diversity and believe in equality for all. We work towards charitable objectives that feed into national and international causes. Sustainability and ethical business are integral to our service and we strive to employ these throughout all areas of our organisation. We are proud to welcome worldwide clients and delegates to our conference centre.

Our historic site and central location within Manchester make us an accessible centre within the North of England. We offer a friendly and welcoming venue for meetings, conferences and training courses all year-round Monday to Saturday.

We have a choice of eleven different rooms and provide both modern and more traditional spaces. Our largest room can hold up to 300 delegates. All rooms have audio-visual equipment available for hire.

Take a look through our brochure at some of the spaces we provide or log on to our website for a more detailed view at www.meetinghousemanchester.co.uk. Alternatively we suggest a site visit which we would be happy to arrange with you. Get in touch... **0161 834 5797** or email office@meetinghousemanchester.co.uk.

BUILDING YOUR EVENT TOGETHER

Our convenient central location provides delegates with a choice of close-by transport links, combined with a peaceful two-storey building that offers sanctuary from the bustling city centre. Whether you are looking for a meaningful historic space or a modern facility, or just a place where your delegates can get away from the office, we can accommodate your needs.

How ever many delegates you have, our professional conferencing team works alongside you at every step of the way to create the event you envisage.

You can trust your delegates will receive a warm welcome upon arrival from our helpful staff.

We make life easier for facilitators with our AV equipment and integrated technology within rooms.

We provide a full range of menu options from social enterprise Good Mood Food. Our caterers can prepare buffets to provide for a large range of allergen requirements, allowing you to meet the needs of your delegates.

We aim to make your event planning journey as easy as possible, so you can focus on the important part – your delegates.

We offer competitive prices that allow you to balance your budget giving you value for money.

SPACES FOR

Main Hall

Our historic hall has been retro-fitted to provide outstanding acoustics. The tiered balconies, accessible via stairs, increase seating capacity to 300. If you are only using the ground floor space, the panelled balcony walls around this floor area help create a more intimate gathering. This is a superb plenary space for conferences, training courses, seminars, large meetings and away days.

F12 & F13

Both F12 and F13 are sizable meeting rooms that boast an abundance of natural light from large windows. They are quiet rooms at the back of the building and are useful for intense training days. Both open out on to the atrium allowing you to welcome guests or enjoy catering and refreshments. They are great places for away days, board meetings, group workshops, or break out spaces.

G1/G3/G4

These rooms lend themselves well to group workshops and training. They can also be used as break out spaces for the Main Hall. G4 has a more informal style and works well as a space for creative workshops. G1 and G3 are more formal style spaces and fitting for away days, board meetings, group workshops or break out spaces.

ALL EVENTS

Upper Hall

The Upper Hall is a really flexible space that can be used as one large room or two smaller ones. The high quality folding wall provides excellent acoustic separation and allows the Upper Hall to be divided into F12 and F13. Contemporary clean lines and integrated technology in both parts of the Upper Hall means it is perfect for studious days away from the office, as well as conferences, seminars, training courses and meetings.

F11

F11 has iconic views of some of Manchester's finest buildings and is an ideal executive suite. With large windows and oak floor the space feels light, peaceful and elegant. This room is perfect for a stress-free board meeting, training or as a break out space for the Upper Hall on the first floor.

Corridor rooms F14-F17

Connected by a corridor F14-F17 on the first floor are small, simple and well-lit meeting rooms. They are suitable for interviews, mediation, one-to-ones, and small board meetings.

ROOM CAPACITIES & FACILITIES

All rooms have natural light and free Wi-Fi as well as AV equipment available to hire
